

# THREADED SHANK DRILLS

## Stub Series

| Size  | Part Number<br>Cobalt | Overall<br>Length<br>(C) | Flute<br>Length<br>(D) |
|-------|-----------------------|--------------------------|------------------------|
| #50   | 152-0700              | 1/2                      | 5/16                   |
| 3/32  | 152-0938              | 1/2                      | 5/16                   |
| #40   | 152-0980              | 1/2                      | 5/16                   |
| #39   | 152-0995              | 1/2                      | 5/16                   |
| #38   | 152-1015              | 1/2                      | 5/16                   |
| #37   | 152-1040              | 1/2                      | 5/16                   |
| #36   | 152-1065              | 1/2                      | 5/16                   |
| 7/64  | 152-1094              | 1/2                      | 5/16                   |
| #35   | 152-1100              | 1/2                      | 5/16                   |
| #34   | 152-1110              | 1/2                      | 5/16                   |
| #33   | 152-1130              | 1/2                      | 5/16                   |
| #32   | 152-1160              | 1/2                      | 5/16                   |
| #31   | 152-1200              | 1/2                      | 5/16                   |
| 1/8   | 152-1250              | 1/2                      | 5/16                   |
| #30   | 152-1285              | 9/16                     | 5/16                   |
| #29   | 152-1360              | 9/16                     | 5/16                   |
| #28   | 152-1405              | 9/16                     | 5/16                   |
| 9/64  | 152-1406              | 9/16                     | 5/16                   |
| #27   | 152-1440              | 9/16                     | 5/16                   |
| #26   | 152-1470              | 9/16                     | 5/16                   |
| #25   | 152-1495              | 9/16                     | 5/16                   |
| #24   | 152-1520              | 9/16                     | 5/16                   |
| #23   | 152-1540              | 9/16                     | 5/16                   |
| 5/32  | 152-1562              | 9/16                     | 5/16                   |
| #22   | 152-1570              | 9/16                     | 5/16                   |
| #21   | 152-1590              | 9/16                     | 5/16                   |
| #20   | 152-1610              | 9/16                     | 5/16                   |
| #19   | 152-1660              | 9/16                     | 5/16                   |
| #18   | 152-1695              | 9/16                     | 5/16                   |
| 11/64 | 152-1719              | 9/16                     | 5/16                   |
| #17   | 152-1730              | 9/16                     | 5/16                   |
| #16   | 152-1770              | 9/16                     | 5/16                   |
| #15   | 152-1800              | 9/16                     | 5/16                   |
| #14   | 152-1820              | 9/16                     | 5/16                   |
| #13   | 152-1850              | 9/16                     | 5/16                   |
| 3/16  | 152-1875              | 9/16                     | 5/16                   |
| #12   | 152-1890              | 9/16                     | 5/16                   |
| #11   | 152-1910              | 9/16                     | 5/16                   |
| #10   | 152-1935              | 9/16                     | 5/16                   |
| #9    | 152-1960              | 5/8                      | 5/16                   |
| #8    | 152-1990              | 5/8                      | 5/16                   |
| #7    | 152-2010              | 5/8                      | 5/16                   |
| 13/64 | 152-2031              | 5/8                      | 5/16                   |
| #6    | 152-2040              | 5/8                      | 5/16                   |
| #5    | 152-2055              | 5/8                      | 5/16                   |
| #4    | 152-2090              | 5/8                      | 5/16                   |
| #3    | 152-2130              | 5/8                      | 5/16                   |
| 7/32  | 152-2188              | 3/4                      | 5/16                   |
| #2    | 152-2210              | 5/8                      | 5/16                   |
| #1    | 152-2280              | 5/8                      | 5/16                   |
| "A"   | 152-2340              | 5/8                      | 5/16                   |
| 15/64 | 152-2344              | 5/8                      | 5/16                   |
| "B"   | 152-2380              | 5/8                      | 5/16                   |
| "C"   | 152-2420              | 5/8                      | 5/16                   |
| "D"   | 152-2460              | 5/8                      | 5/16                   |
| 1/4   | 152-2500              | 5/8                      | 5/16                   |
| "E"   | 152-2570              | 5/8                      | 5/16                   |
| "G"   | 152-2610              | 5/8                      | 5/16                   |
| 9/32  | 152-2812              | 5/8                      | 5/16                   |
| 5/16  | 152-3125              | 3/4                      | 5/16                   |
| 3/8   | 152-3750              | 3/4                      | 5/16                   |
